

**ASACB ISO9001/AS9100 Certificate: JAJFA-001-03-22-1**

---

**Terms and Conditions to Supply Products**

1. **Quotation.** Unless otherwise stipulated in writing, all quotations are good for thirty (30) days from issuance.
2. **Receipt of Offer.** Upon receipt of a Purchase Order (P.O.) from a customer, Jaffa Precision will send an acknowledgement of receipt. Jaffa Precision will conduct a thorough review of the P.O. package, and upon completion - if satisfied, will send an acknowledgement of acceptance of all terms of the P.O. in a time frame not to exceed twenty-one (21) business days.
3. **Changes and Modifications.** Jaffa Precision will review all changes or modifications made by the Buyer to any orders in, or awaiting production, and respond, if required, within twenty-one (21) business days. Unless the changes require resolution prior to production, this clause shall not cause a delay in the execution of the order(s) in question.

If a delivery date is shortened by 25% or more of the quoted lead time, an expedite charge may be incurred based on the impact of the change on production. If the delivery date is extended Jaffa must agree to the change.

4. **Cancellations.** In the event that the buyer cancels an order that is awaiting production, is in production, or is completed, Jaffa Precision reserves the right to exact a cancellation charge equal to the costs incurred by Jaffa to produce the parts up to their current state of completion. This cancellation charge will include: the cost of material, all production costs accrued to date, and production planning costs.
5. **Subcontracting.** Jaffa Precision reserves the authority to subcontract to Jaffa Precision approved sources for processes required per the order. (Ex: Surface Treatments, Thermal Processing, Non-Destructive Testing, Material Testing/Analysis, etc.)
6. **Payment.** Unless otherwise agreed upon, in writing, between Jaffa Precision and the buyer, payment of invoices will be expected within thirty (30) days after receipt and acceptance of product(s).
7. **Warranty** – Our Certificate of Conformance is verification that the purchased products conform to all aspects of the associated drawings, engineering, and purchase order requirements. Once the products are accepted at the buyer's facility as conforming, they become the buyer's responsibility with no further warranty, applied or in writing, from Jaffa Precision.
